

The **DAVCO® Shop Pro FXP 95** is a multipurpose shop floor tool, custom designed to remove water and contaminants from a diesel fuel tank, transfer diesel fuel and prime heavy duty diesel engines. The Shop Pro FXP 95 has been upgraded with three-layer filtration, easy-to-service VOSS connectors, larger sight tube, and a new electrical box on a lighter, smaller cart.

2022 Improvements

- Smaller, lighter cart is easy to move and transport
- Three layer filtration removes more water from low IFT diesel fuel. Uses filters already in your stock
- New location of larger sight tube
- Voss fittings on serviceable parts
- Closed electrical box and 120VAC connection uses standard extension cord
- Lower center of gravity, easier to maneuver

Applications

- Primes Diesel Engines
 - 95PSI setting opens the two stage valve on DETROIT® engines for complete fuel system priming
 - Eliminates the use of hand priming pumps after performing maintenance
 - Uses on-board fuel to prime engines and filters
 - Eliminates cross contamination of fuel
- Filters and transfers fuel in one operation
 - Transfers fuel when repairing tanks
 - Transfers fuel for trucks being sold or taken out of service
- Tank Cleaning
 - Uses a flexible wand to reach all parts of tank
 - Sight tube shows when tank is clean
 - Removes water and contaminants from diesel fuel storage or vehicle tanks

Features

- Cart
 - Custom design with heavy duty construction
 - Portable and self-contained
- Electrical
 - UL® Listed, rear-facing receptacle
 - Waterproof ON/OFF switch
- Pump and Motor
 - 120 VAC Electric motor/pump combination rated for 95 PSI and continuous operation
- Optional Kits
 - Priming hoses for ESOC and Voss Connections
