

Why DAVCO? SEEING IS BELIEVING®

A Clariance Technologies Company

For nearly 50 years, DAVCO has been the North American leader in heavy-duty diesel-powered fuel water separators. In addition to our popular Fuel Pro® line, DAVCO also produces Diesel Pro® for medium-duty trucks, Sea Pro® for marine applications, and Industrial Pro® models for larger off-highway applications.

Our Seeing is Believing® clear cover provides enhanced fuel system troubleshooting with an easy to see indication of when to change the fuel filter.

Features & Benefits

- Extended service intervals
- Seeing is Believing®, easily see when you need to change your filter
- Visually troubleshoot fuel system, including discoloration, air bubbles, and gelling
- Easy to see contaminated fuel, even DEF, in system
- Cold weather operation solutions, optional fuel pre-heating
- Know when water drain-off is required, optional WIF sensor
- Extend your water drain-off interval, large water holding capacity
- No loss of prime, inlet check valve assembly maintains prime during filter changes
- 5 minute filter changes, save maintenance time

Industries Supported

- On-Highway
- Agriculture
- Commercial Marine
- Construction
- Mining
- Oil & Gas
- Power Generation
